

The Capital Is Here To Stay

IF THE GOVERNMENT IS SUSTAINED

Vote For Cross—Use The Red Pencil And Cinch The Capital—The Government Stands For Edmonton For The Capital—The Opposition Leader Stands To Remove The Capital To Calgary—A Vote Against The Government Is A Vote Against Keeping The Capital In Edmonton

Clause 2, Autonomy Act: Unless and until the Lieutenant Governor in Council of the said province otherwise directs, by proclamation under the Great Seal, the seat of government of the said province shall be at Edmonton.

One of the hard, practical issues of the campaign is the location of the Provincial capital.

The temporary location of the capital was made at Edmonton by the Federal Government.

The permanent location of the Capital in this city means the securing of the material and local benefits which belong to capital cities.

But it means far more than this in the distinction which it attaches to the name of the city abroad; in the continuance of the desirable prominence, which has come to Edmonton through the Capital being located temporarily here.

The beneficent results of the prestige attaching to the Capital city is evidenced by the campaign being waged in the southern part of the Province, where questions of Provincial administration and general concern have been relegated to secondary places and the opposition candidates pose first and foremost as the advocates of Calgary for the Capital.

By the autonomy bill the permanent location of the capital is left in the hands of the Provincial Government and can be changed by the Government so advising the Lieutenant-Governor.

The Premier has the making and unmaking of the Government and can dismiss any member whose divergent views threaten the stability of the Administration.

In the end, therefore, it comes down to this; that the location of the Capital is in the hands of the Provincial Premier.

Such has been the case ever since the Inauguration of the Province. Has the Capital been removed?

Premier Rutherford is pledged to keep the Capital at Edmonton. Mr. Bennett is pledged, if given power, to remove the Capital to Calgary.

The Capital can be secured to Edmonton only if the Premier is sustained in power by a substantial majority in the House.

Therefore every vote cast for an opposition candidate is a vote against maintaining the Capital at Edmonton.

The Provincial Government will be sustained throughout the Province; such is not seriously questioned by the cool-headed and informed men of both parties.

Such being the case the chances of Edmonton for the Capital are better with the city represented by a member of the Provincial Government than by a member of the Opposition.

Edmonton's representative in the Provincial Government is pledged to uphold the Premier in the fight for the Capital.

The Conservative candidate for Edmonton, however good his intentions, could not even if elected, render the city any conspicuous service in the Capital struggle. The most he could do would be to vote against his leader's attempt to remove the Capital to Calgary.

Edmonton does not want an opponent of Calgary; Edmonton does want a worker for Edmonton.

Edmonton should speak for herself and speak in no uncertain tones. Vote for Cross and cinch the Capital.

A NEW EDMONTON POST OFFICE

Council of the Board of Trade Met the Minister of the Interior—City Council Asked to Select a Suitable Site for the New Building

An important meeting of the council of the board of trade was held yesterday at which Hon. F. Oliver was present. The meeting was called for the purpose of laying before the minister the necessity of additional post office facilities. Mr. John A. McDougall addressed the meeting at some length setting forth the present inadequate premises and the necessity of having erected immediately a building which would make provision for the future growth of the city.

Mr. Oliver gave the board to understand that the Government was prepared to erect such building as soon as a satisfactory site had been selected. The selection of the site the Government preferred leaving to the civic authorities who were familiar with local conditions and in a better position to judge where the building would be most convenient now and hereafter. The sum of \$10,000 had

been placed in the estimates last year as a first sum toward the work. This had by error appeared in the estimates as an appropriation for a land office. The matter was discussed at length and a resolution passed asking the city council to take immediate steps toward selecting a suitable site. It was also suggested that as the appropriation of Parliament would be a lump sum it might be advisable for the city to secure the site or to make such contribution toward it as would leave practically the whole sum available for the building. By so doing the ratepayers would have an opportunity of approving or condemning the proposed site.

The secretary of the board was instructed to write to the department representing that the present facilities were inadequate as temporary quarters and urging the necessity of securing larger premises pending the erection of the building.

HOW TO VOTE

The ballot, used at this election is blank. The names of the candidates do not appear on the same.

An elector desiring to vote presents himself at the poll, and is handed two pencils, a blue and RED and a ballot. He then retires to the compartment used for marking ballots and selects the pencil of the color assigned to the candidate for whom he desires to vote, which in this election should be red, and makes a cross on blank side of the ballot. He will then fold the ballot, wet the gummed edges and hand same to the deputy returning officer.

Vote for Cross and use the red pencil.

POLITICAL RALLY TO-MORROW

The campaign closes with a liberal rally in the rink tonight to which all supporters of Mr. Cross are invited. Speeches will be delivered by Mr. Duncan Marshall and others and a musical program will be rendered. The meeting begins at eight o'clock. The front seats will be reserved for ladies and their escorts.

RETURNS

The returns of the first Provincial elections will be received at the Young Liberal Club rooms tomorrow evening. The first returns should be in shortly after 6 o'clock. All supporters of Mr. Cross are invited to visit the rooms and learn of the great Liberal victory.

THE POLICY THAT MADE THE WEST

(From Courier de West)

Previous to 1885 the West was little known and less thought of by the Government of the day. Settlers were few and the settlement conditions were not such as would warrant the coming in of immigrants in large numbers. Changes were made in the survey of lots that proved to be a great injury to the French people who at that time principally inhabited the country and the result was discontent against the Government at Ottawa that culminated in the rebellion of 1885. That is history now, and is denied by no one.

The result of the mismanagement of the Interior Department of that day was the sacrifice of many lives, the expenditure of a large amount of treasure by the Dominion of Canada, and injury to the progress of the West that lasted for many years. The mismanagement of the then Department of the Interior was brought before the House of Commons by the Liberals, and then it was that Mr. Laurier did not hesitate to tell the erring Ministers that their conduct towards the people of the West was disgraceful in the extreme, and that it was living in the banks of the Saskatchewan, and had been treated as these people were treated, I, too, would have shouldered my musket.

In years that followed the Conservatives endeavored to prove that because Laurier had spoken so strongly on that occasion he was disloyal to Canada, when nothing could be farther from the fact. One instance of their cowardly tactics will suffice. At a meeting held in Lumberton county, one of the public hall was in the hands of a Conservative, but the use of the hall was finally obtained for the holding of a Liberal meeting. When Sir Wilfrid was addressing the audience the Tories who had arranged that a musket should be attached to a rope from the floor above dangled in front of the speaker. When Mr. Laurier saw the musket he at once understood the malice that inspired the insult and he repeated his statement and challenged contradiction of the iniquities and injuries that the then Government had heaped upon the settlers in the West. The people who heard him cheered him to the echo and the Liberal candidate received over 900 majority in a doubtful constituency.

In 1895, Mr. Laurier came to the banks of the Saskatchewan and preached a new political evangel to the people of the West. He came not to stir up strife, but to tell the people of peace and the way to prosperity. He told them that the Liberal party was to build up this great country, to give the people an honest and efficient government and to bring in tens of thousands of settlers who would cause the prairie to become fields of waving grain, the waste places to be cultivated and the West to become the chief granary of the earth.

The people had confidence in the great Liberal leader, and they have today, and in the general election that followed not only did the West do its duty, but the east also joined in the victory.

The Liberals received an overwhelming majority and the Conservative party—the party of maladministration in the West, and the brother of rebellions, was driven from power. To secure the defeat of the Conservatives, and in answer to their taunts, Saskatchewan elected Mr. Laurier on that occasion.

Then began the days of renaissance of the West. The management of the Interior Department was placed in the hands of a man who knew the requirements of the West; a vigorous immigration system was introduced; the policy of the land for the settler and not for the speculator was adopted. Every effort was put forth to people the territories and to bring prosperity to this Western land. And what is the result? Thousands now live comfortably where hundreds only managed to exist under the old regime; villages have become cities, and Edmonton and Calgary today are, and during monuments to the policy that was introduced by the present Liberal Government at Ottawa under the Premiership of that greatest of all Canadians, Sir Wilfrid Laurier.

Do the electors of the West want to go back to the days of stagnation under the Conservatives? Will they have cast thrown in their eyes by the Bonnetists? It is possible the people of the West can prefer the blessings of the days before 1886 with the blessings that have flowed to them since that date. We do not think so. We have confidence in the people of Alberta and Saskatchewan and feel assured that they will hold to the party which has aided them to the road of peace, happiness and prosperity.

Mr. Bennett's parallel about Esau's mess of pottage and the Dominion Government land settlement with Alberta and Saskatchewan doesn't jibe, by any means. Esau didn't even get the blessing from the old

man, Alberta gets \$375,000 at present, with more in the sweet by-and-by, and some of the other provinces—notably New Brunswick—are paying the air and yelling that the new provinces are getting more than is coming to them. Mr. Bennett's scriptural analogy doesn't fit in any better than his logic. He should confine himself to guttering generalities. That's where he shines.

McCLELLAN ELECTED

Many American Cities Held Civic Elections Yesterday

Salt Lake, Nov. 8.—The American party managers claim the election of Ezra Thompson, the anti-Mormon candidate, for mayor.

San Francisco, Nov. 8.—Eugene Schmidt, union labor candidate, has been re-elected Mayor by 15,000 majority.

KENORA SHOOTING AFFRAY.
Kenora, Nov. 8.—A shooting affray occurred at one of the sporting houses of the town run by a mulatto woman named Goldie Jones. An inmate named Madeline Jones was aroused early in the morning. On opening the door she was confronted by a person wearing a mask and holding a revolver. A scuffle ensued and the revolver went off, the charge entering the woman's abdomen.

HORRIBLE ATROCITIES
St. Petersburg, Nov. 8.—News from the Caucasus is particularly bad. Fighting between Armenians, Tartars and Russians has assumed a ferocious character and every attempt of the troops to restore order results in desperate fighting, the mobs turning upon the soldiers and fighting them with arms and bombs. Two companies of Cossacks have been entirely wiped out. The entire trouble is of a revolutionary character, but it gives the people an opportunity to manifest race hatred and most horrible atrocities have been committed. At Baku the scenes were beyond belief and not only murder, but torture in all forms had been perpetrated. An Armenian girl's fingers were cut off one by one and afterwards her arms and legs were amputated by Tartars and she was allowed to expire in untold agony. Atrocities continue in Bessarabia. The towns of Urabat and Calarisse have been burned, and all Jews perished in the flames. Ismaili is also in flames.

The C. P. R. party is stopping at nothing to elect the C. P. R. candidate. The C. P. R. paper, last night denied, in an elaborate headline the statement made in the Alberta that the C. P. R. officials of this city are sparing no efforts to secure the election in Calgary of the C. P. R. official, but the C. P. R. journal, in the body of its article does not dare to deny the truth of the accusation, and what the C. P. R. paper does not dare to do in Calgary must be founded deep in the rock of truth.

STRATHCONA NEWS

Strathcona, Nov. 7.—Work on the new Strathcona public school in the southern part of the town is being pushed vigorously. Masons, carpenters and plumbers are all engaged and each group seeking to finish up their respective share in the work and have the building ready for class work when the school reopens for work in January 1936. The building is modern in every particular, with fine high ceiling, large bright airy rooms, with spacious halls and stairways. The basement is especially fine, having good thick high walls, concrete floors and good light and ventilation. It is a credit to the town and shows the public spirit of the citizens.

Messrs. Fraser and Cassidy, formerly of Clover Bar, were in town yesterday, having just finished the work and the yield very good. They say further that that section is one of the very best in Northern Alberta, whether for climate, crops or soil.

Mr. Williams, an engineer of Esauataba, U.S. is in town and has been looking over our country for several weeks. He is well pleased with what he seen and is amazed with the great extent of our Western country and its vast and varied capabilities and its general climate. He goes east today to make arrangements for an early exodus from Esauataba in 1936.

Mr. Edwards of Calgary is at the Dominion hotel here. He came some time ago to look this section over and see how it is supplied with good marketable horses.

PUBLIC NOTICE!
PUBLIC NOTICE is hereby given that after the expiration of two weeks from the first publication of this notice, the Municipal Council of the City of Edmonton intend to pass a by-law closing that portion of the highway in the City of Edmonton known as Ross Grade, hereinafter particularly described, and directing the sale and transfer thereof to Alberta College. The conditions under which

**Pharaoh
Cigar**

is made are ideal.

We have a contented little community of our own, that is not worried by outside conditions. The wholesome, country-town life that we live, tells in the quality of our work.

Every employee in my factory has his whole heart in his work. From the oldest workman, who started with me when I had a small room for a factory, a big bunch of enthusiasm and a high idea of quality, down to the lad who just joined us the other day, every one is putting the best that is in him into his work.

Under such conditions it is no wonder that my Pharaoh is the best tobacco smoke on the market. We are all working with the one object—to produce the best cigar possible.

I go to Cuba every year and buy the best tobacco produced. I know that every leaf that comes to my factory is right. My workmen see that every roll they give it will help make it a perfect, even-burning smoke. Its a combination that's hard to beat.

None genuine unless branded "Pharaoh." Price to cents.

The Cream Separator that is the Cheapest in the End.

There are some folks who are everlastingly trying to get "something for nothing." They buy a wagon at a "bargain" price because the agent says it's "just as good." And then, after a few months, when the tires and spokes have all loosened up, they cross the wagon.

Price not the only Difference.

It's the same way with cream separators. You can buy many other separators for less money than the U. S. Cream Separator sells for, but before you've finished paying for the experiment you'll find price isn't the only difference. The cheaper separators soon get out of adjustment because built of cheaper material by inferior manufacturing methods; they consume twice the necessary amount of oil; they have a bowl that will not run true, and does not skim clean. The repairs in the first few years would pay the difference for the U. S. Cream Separator.

Durability is Important.

The U. S. Cream Separator has stood the test of time. Many of them have been in use for 10 years, and cost less than a dollar for repairs. They run easier, skims cleaner than others, have a simple bowl, condensed gears, and a convenient low supply can.

The Vermont Farm Machine Co., of Bellows Falls, Vt., have printed in a handsome booklet a few of the thousands of letters from satisfied users of the U. S. Cream Separator. This booklet will save you money when you buy a separator, and a post card will bring it to you.

To insure prompt deliveries and to save freight charges for their Canadian customers, they ship from their warehouses at Montreal, Sherbrooke, Hamilton, Winnipeg, Calgary and Vancouver, but all letters should be addressed to Bellows Falls, Vt.

A COWBOY'S SOLILOQUY

I went to hear R. B. B. speak, down at the Thistle Rink:
They said he was a wonder and would cause us all to think.
I got there bright and early, before the crowd came in.
And I saw R. B. B. come in, and I heard the awful din.

He was fixed up like a preacher, high hat and long black coat—
Prince Albert's what they called it—
out looking for the vote?
And the graceful way he stepped out, when his "castor" he did doff,
And the smile that crossed his features was the kind "that won't come off."

And when he struck the platform, you ought to see him prance:
He pranced, convulsed, did a graceful dance:
And when, replying to applause that greeted him, he raised
His hand, extended, fingers down, the crowd were nearly crazed.

And when his mouth he opened, and displayed his nimble tongue,
The people saw at once how well his dual-hinged jaws were hung:
And when his "Mr. Chairman," swung out, the ambient air
Was suffused with vibration, and the crowd felt it, "for fair."

To hear his introduction was past exceeding time,
But his logic flumped a little, and I'd not "take it in mine."
And to hear the dictionary rattled back from lid to lid
Was enough to charm a deaf man—not one word was even hid.

He talked of "alienation" and of other things like that;
That Canada was a nation and would make 'em all "stand pat";
"Co-equal," "co-existing," "plenary powers" and "feters" too,
And he heaped on all the agony till everything looked blue.

We live in awful "serfdom," shackled foot and hand,
With "head bowed down" and "down-cast eyes" R. B. B. saw this land,
"There's but one way," said R. B. B., "to change our awful lot,
Elect ME as your Premier,—make ME "Johnny on the Spot."

He didn't say it just that way, but put in some word trills,
And spoke about annuities, and then about big bills:
And called us all "remittance men," and said Alberta's share
Of cash from the Dominion was anything but fair.

He also talked about the schools, and put in big words there,
"Provincial Rights," "Equality," he used 'em everywhere—
"Autonomy" was hamstrung — was smitten hip and thigh
And the statesmen all were "locos," there was but one white-haired boy.

His name was R. B. Bennett, and he hailed from Calgary,
He's a lawyer in that city and works for the C. P.;
By talk he'd try to make you think wisdom was "neath his hat—
He'd straighten out "Autonomy" as quick as you'd say "Cat."

He's a born Son of Thunder, a jaw-smith of renown,
B. Boanerges Bennett, of good Calgary town;
But he's too much of a ranter, he's short on judgment, too,
And the people of Alberta think that Bennett will not do.

At least, that's my conviction and many think with me:
I'm shooting off no fiction, so far as I can see.

A gracious gift is eloquence and of ten brings big gains,
But talking isn't worth a bang—unless it's mixed with brains.

WINNIPEG MARKETS

[From the Commercial]

Trade in Manitoba wheat in the Winnipeg Market has shown a good demand most of the time. Prices seem to be influenced more by the fluctuations in the American market than by anything else, although the large bulk of wheat must go for export. The lake freight situation is seriously against prices. Owing to delay in unloading at the other side vessels lose at least one trip out of three they could make, and freight rates are higher in consequence, the rate now being 50 per bushel as compared with 25 at the beginning of October. The increase in freight rates decreases the price of wheat at this end. Today's prices are: No. 1 hard, 81c; No. 1 northern, 77 3/4c; No. 2 northern, 75 1/2c; No. 3 northern, 73 1/2c; spot or delivery first half November, futures on the option market closed, Nov., 77 5/8c; Dec., 75 5/8c; May, 81c. All prices are for in store Fort William and Port Arthur.
Oats—No. 1 new oats, 32c; No. 2 oats, 31c per bushel in car lots on track Winnipeg.
Barley—No. 3, 32c per bushel; No. 4, 32c per bushel, car lots on track here.

INFORMATION FOR
FLECTORS

The persons qualified to vote are male British subjects by birth or naturalization (other than unenfranchised Indians) who have attained the full age of twenty-one years and who have resided in the North West Territories or the Province of Alberta for at least the twelve months, respectively, immediately preceding the time of voting.

An elector can vote only at the polling place for the polling division in which he resides.

The voter is to vote only for one candidate.

The voter after receiving his ballot paper and the pencils provided for marking the said ballot paper from the Deputy Returning Officer will go into the inner room of the polling place, select from the pencils provided the one of the color representing the candidate for whom he desires to vote and having his name and with such pencil shall make a mark in the form of an X on the blank face of the ballot paper.

The voter will then fold the ballot paper at the crease thereon so that the mark made by him will be folded inward. He will then moisten the gum or mullage on the ballot paper and press the gummed end to the end against which it is folded, causing it to adhere thereto. The voter will then deliver the ballot paper with the aforesaid pencils to the Deputy Returning Officer who will place the ballot in the ballot box. The voter will then forthwith quit the polling station.

If a voter inadvertently spoils a ballot paper he may return it to the proper officer, who, on being satisfied with the fact will give him another.

If a voter votes for more candidates than he is entitled to vote for, or more than once for any candidate, his vote will be void and cannot be counted, and he shall be liable to a fine of \$100.00.

Any voter who attempts to violate the secrecy of the ballot by marking his ballot in a peculiar manner, or by showing it to any person after marking it, and any person who instigates any voter so to mark his ballot or to show such ballot after being marked, shall be liable to a fine of \$100.00.

USE THE RED PENCIL

Supporters of Mr. Cross should be careful to use the red pencil. The color of the pencil determines the vote.

VOTE EARLY

Vote early. The polls are open at 9 a.m. and remain open until 5 p.m. The vote in the city is expected to be a large one and at some polls congestion may occur toward the hour of closing. If voters do not get in early. Delays are dangerous.

REV. DR. McQUEEN

Gives Unqualified Support to the Provincial Government and Demolishes the Falsehood That He is at Variance on the School Question

Hon. C. W. Cross is in receipt of a letter dated October 31 from Dr. McQueen, who is now in Vancouver, in which Mr. McQueen expresses the most unqualified approval of the policy of the Rutherford administration and puts the quietus on the rumor which has been circulated that he is at outs with the Rutherford administration on the school question. Mr. McQueen does not give permission for the verbatim publication of the letter, but authorizes the attorney-general to use it for private canvas and to make known his stand wherever thought advisable.

Mr. McQueen is at a loss to understand how any sane person can support the opposition led by such a person as Mr. R. B. Bennett and carrying such a policy as he and his followers are advocating. If the Liberals or Mr. Cross were defeated he would look upon it as nothing short of a criminal disaster.

The writer says most emphatically that he is at one with the Government in its educational policy and cannot understand why any other course is at present followed, except by some one afflicted with senile delirium or sinister motives.

Mr. McQueen says: "It is a deliberate and malicious falsehood to attribute my prolonged absence to any variance between us on the school question. To have such hints makes me so indignant that I feel like overriding medical advice and coming to Edmonton to vote for you on the 9th of November."

"I sincerely hope that both yourself and the Government may be triumphantly returned by the people on the birthday of our King. With kindest regards and best wishes, I am,

Yours faithfully,
D. G. McQUEEN.

—The choir of All Saint's church will sing Lee William's "Harvest Song," a concert for soprano, chorus and orchestra, at a special Harvest Thanksgiving service tonight, at eight o'clock. Mrs. A. H. Bennett will be the soloist.

—The Edmonton Brewing and Malting Co., reports that barley deliveries are coming in very satisfactory and that the six rowed variety is of very good quality. They are paying from 35c to 40c per bushel for good six rowed barley.

—Arrangements have been made to have a special telegraph wire in the Liberal club rooms to receive returns from the various constituencies in the Province tomorrow evening. Everybody is welcome to come to the rooms and hear the returns as they arrive.

—The Liberal rally in the Thistle rink this evening promises to be very entertaining. Addresses will be delivered by Hon. C. W. Cross and Duncan Marshall. This will be Mr. Marshall's first appearance before an Edmonton audience. Although an Edmon-ton resident he has a Dominion reputation as a public speaker.

—The ladies' hospital aid society held their monthly meeting in All Saints school room yesterday afternoon. The report from the charity hall was \$215.88 and expenses, \$175.56, leaving a balance of \$343.00. The ladies wish to thank all who assisted them in any way with the charity fund, and the general public who made the ball such a success.

—Business last evening at the election meeting consisted largely in discussing the financial statement, which was adopted. A deficit, however, of nearly \$15,000 to be regretted. A resolution was passed that the committee be called at an early date to consider again the ground question, it being urged that the club should possess its own fund.

—The Alberta Grain Co. have completed the building of a 50,000 bushel elevator on Third street west, north of the new Canadian Northern station and are now prepared to buy all kinds of grain at best market prices. A new feature at their elevator is a dump scale, so that farmers wishing to deliver in bulk will find it a great convenience. This is the first elevator built in Edmonton particularly to handle grain, apart from the local flour mills, and the farmers in this vicinity will find it a convenient place to bring all their grain.

C. N. R. STEEL AT THE FORT

At exactly half past ten this morning the C.N.R. locomotive and steel-laying apparatus reached Fort Saskatchewan station. A half holiday was proclaimed in the town and everybody, men, women and children turned out to welcome the entrance of the C.N.R. Mayor Lawworthy laid the last rail into the station amid much cheering.

A party from Edmonton composed of Messrs. J. A. McDougall, R. Secord, G. R. F. Kirkpatrick and A. York, went down to the Fort in Mr. York's automobile and were present when the steel arrived. Talking with a Bulletin representative, Mr. McDougall said that the steel was being laid very rapidly and when the party left, was nearly a mile past the Fort. The big bridge over the river is not quite completed but will likely be ready by Saturday. The steel will in all probability reach Edmonton in ten days.
